

Forecast For Wales
Issued by Met Office Exeter
at 1600 on Friday 26 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mild and sunny days, cold and frosty nights.

This Evening and Tonight:
A cold and dry night, some patchy cloud cover in places but clear skies elsewhere. Frost and fog patches are prone to forming in the south, while patchy cloud is more likely up north. Minimum temperature 0 deg C (32 deg F).

Saturday:
Any fog patches may linger for a time, before clearing to give a fine and sunny day. However, patchy cloud begins to develop later towards the evening. Maximum temperature 11 deg C (52 deg F).

Outlook for Sunday to Tuesday:
Fine and dry Sunday with clear skies. Cloudier Monday and Tuesday, but staying dry with occasional sunny spells. Mild days, colder nights with overnight frosts and fog patches.
